

Cookie Policy

Our website uses cookies. By using our website and agreeing to this policy, you consent to our use of cookies in accordance with the terms of this policy. If you do not agree please leave the site.

About Cookies

Cookies consist of pieces of text, often including unique identifiers, that are sent by web servers to web browsers, and which may then be sent back to the server each time the browser requests a page from the server.

Cookies can be used by web servers to identify and track users as they navigate different pages on a website and to identify users returning to a website.

Cookies may be either “persistent” cookies or “session” cookies. A persistent cookie consists of a text file sent by a web server to a web browser, which will be stored by the browser and will remain valid until its set expiry date (unless deleted by the user before the expiry date). A session cookie, on the other hand, will expire at the end of the user session, when the web browser is closed.

Cookies on this website

We use only session cookies on this website. We may send to you the following cookies:

1. JSESSION_ID cookie
2. Facebook session cookie
3. LinkedIn session cookie

How we use cookies

Cookies do not contain any information that personally identifies you, but personal information that we store about you may be linked, by us, to the information stored in and obtained from cookies.

We may use the information we obtain from your use of our cookies for the following purposes:

1. to recognise your computer when you visit our website;
2. to improve the website's usability;
3. to analyse the use of our website;
4. to connect to 3rd party services of benefit;

Third party cookies

When you use our website, you may also be sent third party cookies.

Google Analytics - We use Google Analytics to track visitors experience so we can continually improve our site and provide you with the most relevant information. This site uses Google Analytics, a web analytics service provided by Google, Inc. Google Analytics sets number of cookies (default is 4) in order to evaluate your use of the site and compile reports for us on activity on the site.

Google stores the information collected by the cookie on servers in the United States. Google may also transfer this information to third parties where required to do so by law, or where such third parties process the information on Google's behalf. Google will not associate your IP address with any other data held by Google.

Google Inc are members of the US Safe Harbor Scheme. This scheme allows the transfer of data from within the EEA to countries that are outside of the EEA without having to enter into a specific data transfer agreement. Companies that sign up to the scheme are deemed to provide adequate protection for personal data transmitted from Europe.

Google Inc's registration is a <http://safeharbor.export.gov/companyinfo.aspx?id=10543>. For more information on the cookies set by Google Analytics please go

to: <http://code.google.com/apis/analytics/docs/concepts/gaConceptsCookies.html>.

Google has also created their own opt-out plugin that you can get from: <http://tools.google.com/dlpage/gaoptout>.

Blocking cookies

Most browsers allow you to refuse to accept cookies. For example:

1. in Internet Explorer you can refuse all cookies by clicking "Tools", "Internet Options", "Privacy", and selecting "Block all cookies" using the sliding selector;
2. in Firefox you can block all cookies by clicking "Tools", "Options", and un-checking "Accept cookies from sites" in the "Privacy" box. Blocking all cookies will, however, have a negative impact upon the usability of many websites. If you block cookies, you will not be able to use the password feature on our site, some navigation paths will stop, some 3rd party service like Facebook and LinkedIn will stop working.

Deleting cookies

You can also delete cookies already stored on your computer:

1. in Internet Explorer, you must manually delete cookie files (you can find instructions for doing so at <http://support.microsoft.com/kb/278835>);
2. in Firefox, you can delete cookies by, first ensuring that cookies are to be deleted when you "clear private data" (this setting can be changed by clicking "Tools", "Options" and "Settings" in the "Private Data" box) and then clicking "Clear private data" in the "Tools" menu.

Obviously, doing this may have a negative impact on the usability of many websites as cookies are need for operation of most modern websites/3rd party integration features.
